

How to Recognise Different Intervals

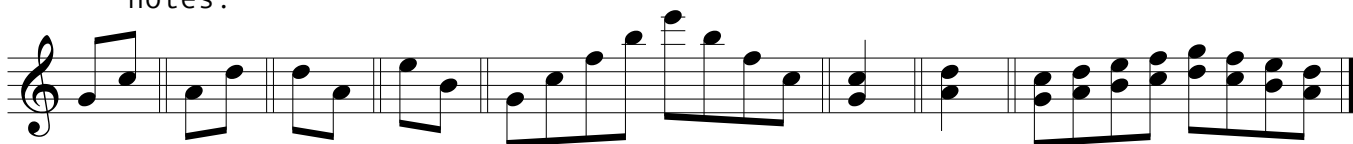

2nds: One note on a line, one on a space, with no space between the two notes.

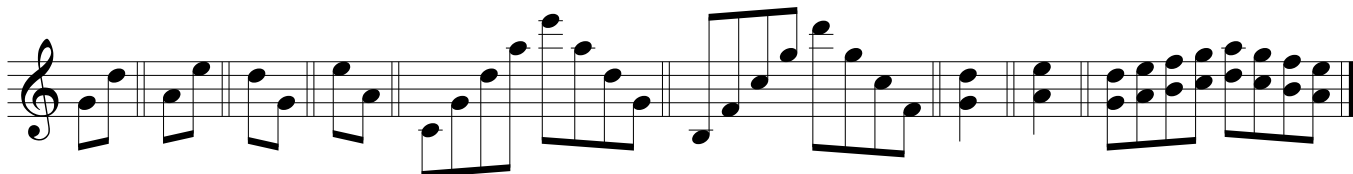

3rds: Both notes on a line, or both notes on a space, with no space between the two notes.

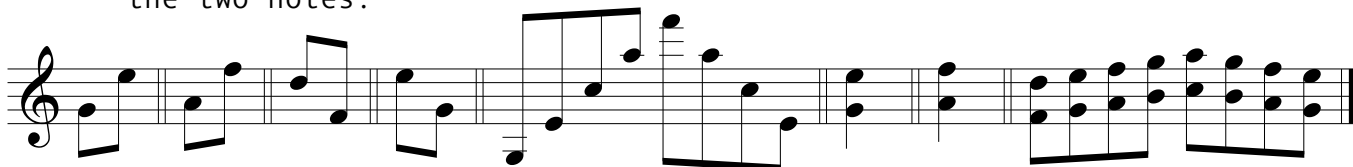

4ths: One note on a line, one on a space, with half a space between the two notes.

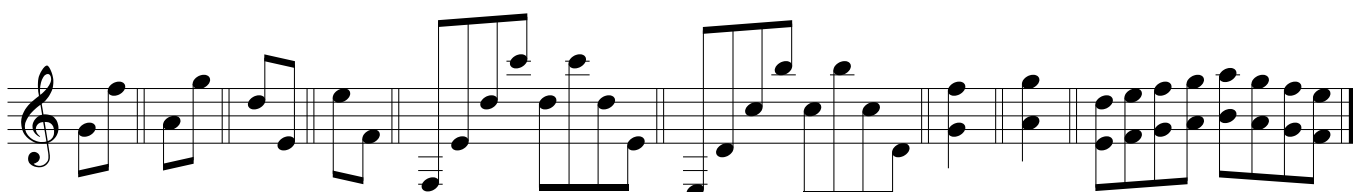

5ths: Both notes on a line with one line between the two notes, or both notes on a space with one space between the two notes.

6ths: One note on a line, one on a space, with one and a half spaces between the two notes.

7ths: Both notes on a line with two lines between the two notes, or both notes on a space with two spaces between the two notes.

8ves: One note on a line, one on a space, with two and a half spaces between the two notes.
